Dear Hiring Manager!

Thank you for taking the time for this page.

I am a computer engineer with over 15 years of experience in IT. In total, I held the position of head of the IT department at CLINIC OF SAINT CATHERINE and "VIRTUS" for over 13 years.

I have extensive experience in the IT infrastructure of the businesses, and I constantly update my theoretical knowledge. I also know from experience what it means to manage and work with a team.

Therefore, I am confident that I can contribute to a cutting edge company like yours, focusing on results and great attention to detail. I possess the ability to learn quickly, often in difficult situations and to fully understand a new product or platform. I have excellent problem solving and problem solving skills, creating Automation, developing all kind of Cloud solutions with IaaS.

My best qualities are self-management, responsibility, integrity and time-management. I always work hard for good outcomes. I have already completed a DevOps engineering course and I am always happy to learn something new and share my knowledge among my colleagues.

Bachelor's Degree in Telecommunications, Information Communication Networks by Odessa National Academy of Telecommunications (Odesa, UKRAINE).

I am currently in Sacramento and am not yet ready to relocate. I have a U.S. work authorization permit.

I look forward to discussing my candidacy and suitability for this position during an interview in the near future. Thank you for giving me your time and attention.

Sincerely,
Maksym Tsybulskyi
